

How Does the Process Work?

Funds Release Process

What Is This About?

- When owners fail to pay their property's taxes, their house is being sold in an auction.
- If the winning bid was higher than the minimum, there is an overage that belongs to the owner or the heir, which we believe is you.
- If you won't collect those funds on time, the county is allowed to take it for its own use. Then it's too late!

- Our team of experts finds who holds the funds and contacts them directly.
- Our attorney do a title search in order to see what is the maximum amount you can release.
